

Presentation Guidelines and Talking Points

Presenting the Charity to the Chapter

Organizations selected to present their nonprofit at a meeting will be allotted eight minutes to make their presentation, and three minutes to answer questions from the membership.

Making your case for support in the eight minutes that you are allowed takes some planning. The following talking points will help you make the best use of your time so each member can make an informed decision on how to vote.

Presentation Guidelines

Prepare a presentation or bring visual aids. A laptop and projector/TV will be provided, or you may bring your own laptop that supports an HDMI interface.

Provide a brief overview of your nonprofit. Focus on a specific program that needs funding and talk about the people that program will benefit and what it accomplishes in your community. The more specific you are, the more the members will be able to connect their donation with this charity. Don't speak in generalities or your audience will get lost.

Tug at the hearts of the chapter as much as you inform their heads. Try to leave them with a sense of why you are passionate about this charity, and share at least one story of a real person (or animal) that was impacted by the work of the nonprofit and how it made a difference to them in their life.

Presentations should be simple, brief, and not overly formal. Have fun!

Talking Points

Be prepared to speak briefly and potentially answer a few questions from the audience about the following:

1. Start with an engaging opening line. (*"Every month, 75 women in our community are involved in a domestic violence dispute."*)
2. State your name and the name and location of the organization.
3. Describe the service area of the organization and whom they serve.
4. State the organization's mission statement and speak to what they do overall and how their services benefit the community.
5. Be prepared to speak to the organization's finances, including the size of their annual operating budget and how much they spend on admin/fundraising.
6. Describe specifically how our funds will be used, providing some background, if possible, on the following:
 - Is this a new or existing program?
 - Does the charity have a plan in place to sustain the program after our funds have been used?
 - How many people the funds will impact?
 - What will our community miss if it does not get funded?
 - What measurements will be used to ensure success of the program and good use of the donation?
7. Don't forget to tell a story of a person/animal positively affected by the organization.
8. End with a heartfelt ask and a thank you.
